## Fire Warden's Report

After several successive years of drought, the rains of 1967 came as a welcome change. Our records of the past fire season is good. Our thanks to all who contributed to achieve this good record. Continued improvement in the matter of accurate, prompt detection and rapid effective suppression action can help to maintain this good, worthwhile record even though we do not have an abundance of rain as in the fire season of 1967.'

It will help if we follow these simple suggestions:

1. No burning of debris and waste between the hours of 9:00 a.m. and 5:00 p.m. and then only with a written permit from the Forest Fire Warden.
2. Take debris and waste to the town dump.
3. Maintain a clean, safe dump.
4. Keep matches away from young children.
5. Be sure matches and smoking material are dead out when we discard them.
6. Set a good example for others in fire prevention.
